Who We Are ?

About Us

EnviroMission for Trading and Contracting (EMTC) is an Egyptian limited liability company has a vast experience in EPC business for the Water and Power Sector.

Vision

We care about the deal from bidding stage until project handover. Become the investors' first choice is our Target.

Mission

Beliefs that our employees are the most important assets we own. Customers' satisfaction is our main goal. Committed to growth. Our financial soundness indicator helps us do more and more. We are controlling the end-to-end process. Environmentally friendly products never harm our community.

Business Divisions

1- Trading and Agencies Division - WATER

Carbon Activated Corporation (CAC) Specialized in the manufacturing of **Activated Carbon** which used in the water treatment process and precious metal recovery.

TREPOVI Spain is a Market leader in pressure filters (cartridges, nozzle plates, collector arms, carbon, ion exchange, etc) and fluid chemicals tanks, as well as any **GRP custom made equipment** (conical and lamella clarifiers, among others).

For over 70 years, KWI has been delivering effective solutions to meet **water and wastewater treatment challenges faced by seawater desalination plants, municipalities, and industry**, helping our customers reduce costs and their environmental impact

Safbon water Services is a Chinese company specialized in the complete spectrum of the water/waste water and desalination plants as a know how provider in addition they have under their umbrella three **European manufacturing facilities KWI , ItN and AquaSwiss** cover big share of the water treatment equipment

Trading and Agencies Division

AUTOMATION

Remote Irrigation Management that controls and monitors your pivot irrigation system with any Android or iOS device from anywhere!
Serve all Types of Pivots system.

EMTC become their approved system integrator in the **PLC , SCADA and DCS** projects for all commercial

World leading manufacturer of low voltage/Medium **soft starter and inverters** for all applications.

Petrotech has over 50 years of experience in the **turbomachinery controls business** and have retrofitted every type of turbine in both power generation and mechanical drive.

Trading and Agencies Division ...

OTHERS...

DMW is a Japanese company established in 1910 with a vast experience in manufacturing all types of **Pumps, Fans, blowers, Energy Recovery Devices** for desalination plants plus **high pressure pumps** ..etc.

Customized Solutions – No exception but our standard. The right solution for almost every application in which the transportation of fluids plays a role. The range of DÜCHTING PUMPEN essentially comprises the **production of single-stage and multistage centrifugal pumps for several applications.**

Rice Lake Weighing Systems is a family-owned, ISO 9001:2015 certified corporation, and has been manufacturing and distributing **weight-related products** and supplies since 1946.

NKE AUSTRIA GmbH a manufacturer of premium **Bearings**—has emerged on the world bearing market as a significant alternative in the premium class. We offer both standard and special bearings for all industrial applications.

For Trading and Contracting

Trading and Agencies Division ...

Trading and Agencies Division ...

OTHERS...

With over 40 years of administrative and technical expertise, Göksan Pump Inc. stands as one of Turkey's leading pump manufacturers. We excel in design, manufacturing, testing, and R&D activities, adhering to industry standards. Our products, branded under the registered SEP trademark, are delivered to both Turkish and international markets with a modern service approach.

The EKOL spol., s.r.o. is a flexible fast-growing Czech company established in 1991.

At present it is a respected European manufacturer and supplier of heat and power generating plants.

The company is based on the activities of outstanding scientific workers with long-term experience in the respective field. They specialize in solving environmental issues connected with the operation of thermal power plants.

In 2015 EKOL merged the foreign partner, ShaanGu Group. By this the company became the significant international company and the possibilities to reach new markets appeared.

On the base of this business connection EKOL can offer its customers improved supply chain and system optimized solutions for delivery of air and gas compressors with industrial steam turbines. EKOL continues in successful supply of steam turbines, gas turbines service, boiler units and EPC projects.

2- Facility Management Division

EMTC Specialized in the **operation and maintenance** in addition to **rehabilitation** projects in the field of water and waste water treatment plant plus the entire scope of the pumping stations.

3- Manufacturing Division

EMTC Specialized in the manufacturing of all types of **lighting poles, steel structure and cable trays** through their manufacturing facility in Helwan industrial zone.

Reference Projects

Reference Projects “By EnviroMission”

Project Name: Marrasi Water Treatment plant
Client : Veolia Egypt
Scope of work : Design, Supply and Manufacturing of 9 calcite filter through our Spanish partner Trepovi

Project Name: Multi
Client : Many
Scope of work : Supply on Stock Products

Reference Projects “By EnviroMission”

Project Name: Central Pivot
Client : Elsewedy Electric
Scope of work : Design, manufacturer and supply for Center pivot control panel

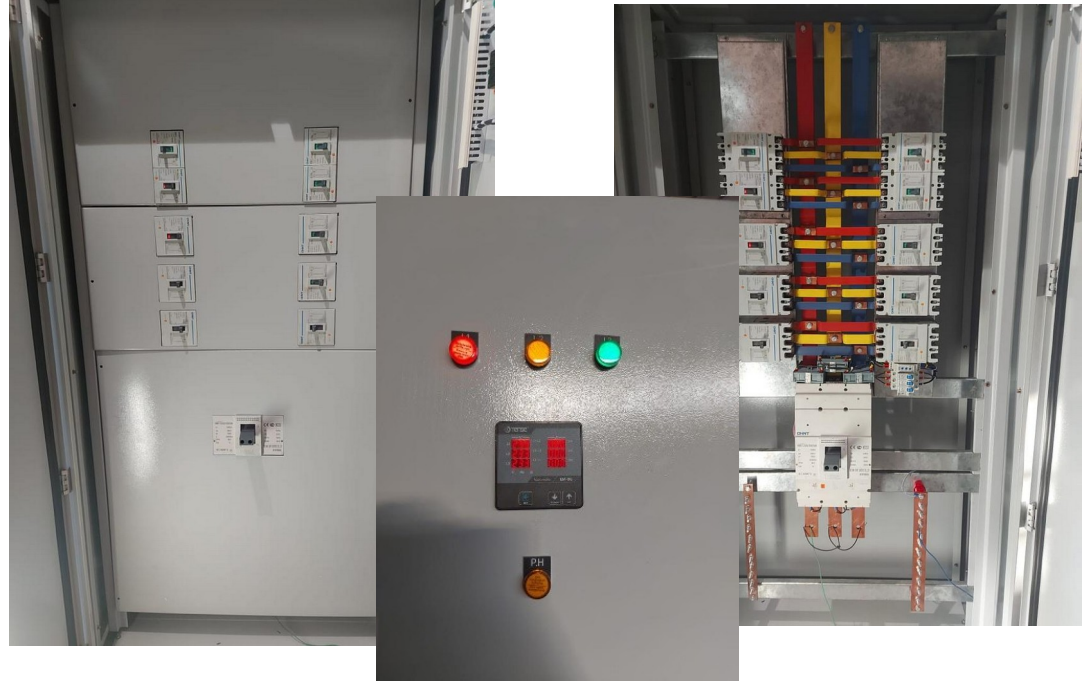

Project Name: Chelyabinsk GRES Power Plant
Unit 1, 2 and 3
Client : GE Power
Scope of work : Testing and commissioning for turbine control system (TCS)

Reference Projects “By EnviroMission”

Project Name: Damietta Combined Cycle Power Plant
Client : Egyptrol
Scope of work : Design of DCS Tender Package

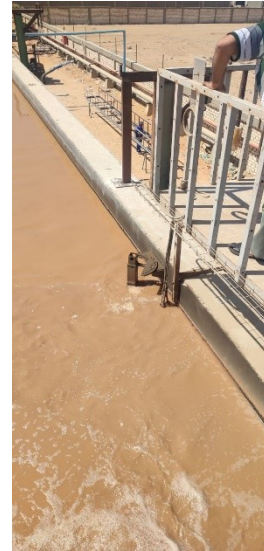

Project Name: Al Fayrouz plast
Client : Al Fayrouz Plast
Scope of work : Design , manufacturing and supply for factory low voltage distributions boards

Reference Projects “By EnviroMission”

Project Name: Monorail Cairo Project
Client : Elsewedy Electric Power System Projects
Scope of work : Design, Manufacturing and supply for Gear motor package through our Spanish CIDEPA.

Slide 16

Project Name: Misr Spain Textile WWTP
Client : Nijhuis water Technology
Scope of work : Warranty service for the Mixer and PLC control system.

Reference Projects “By EnviroMission”

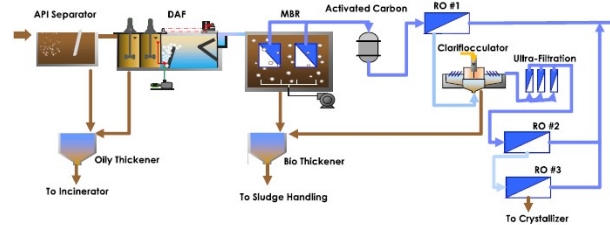

Project Name: Bahr El Bakar WWTP
Client : Accsiona aqua Spain
Scope of work : Repair for chloride Tanks.

Karbala Refinery Project - Waste Water Treatment Package

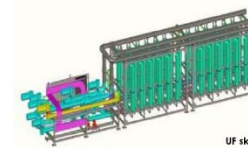

Oil & Gas

WWT | Reuse

Owner: State Company for Oil Project (SCOP)
Client: HDGSK JV (HDEC, HEC, GS E&C Sk E&C)
Location: Karbala, Iraq
Capacity: Feed Design : 12,672 m3/d
Period: 2015 – Ongoing
Application: Industrial WWT

The product water will be re-used in the refinery plant while solid waste and RO brine will be sent to an incinerator and brine concentrator (by others), respectively, completing the Zero Liquid Discharge System

UF skid

Project Name: Karbalaa Refinery Plant WWTP
Client : Safbon Water Technology
Scope of work : Testing and Commissioning Package

Reference Projects “By EnviroMission”

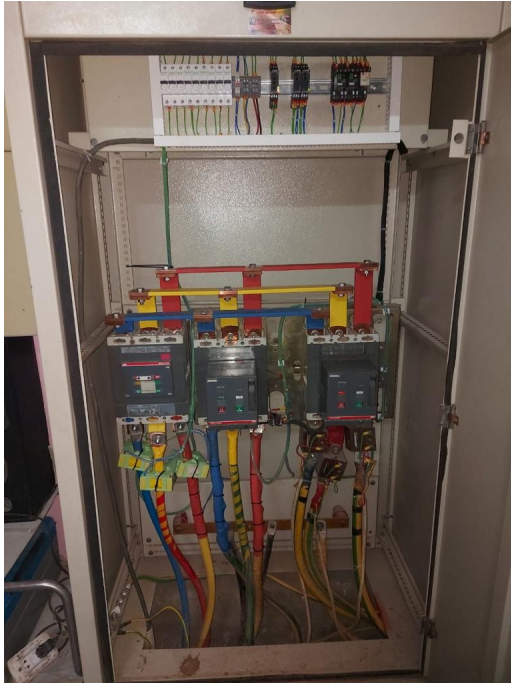

Project Name: Zafrana wind Farm
Client : Arab consulting Office (ACO)
Scope of work : Repair for turbine gearbox 5 tons

Project Name: O&M for the pumping Station
7&12
Client : جهاز مدينة القاهرة الجديدة
Scope of work : 24 months Operation and
Maintenance for the entire plant equipment's.

Reference Projects “By EnviroMission”

Project Name: ATS retrofit and MV SWG
Client : جهاز مشروعات الخدمة الوطنية
Scope of work : Supply of ATS panel in the HQ building.

Project Name: Agiba WWTP
Client : Enviro Tech LLC
Scope of work : Supply of plant EX JB, MCS and Emergency Switches

Reference Projects “By EnviroMission”

Project Name: IMPLEMENTATION AND CONSTRUCTION OF EEHC/SCEDC-DCC PROJECT
Client : ElectroTharwat
Scope of work : Adaptation work for 82 substation and distribution points

Project Name Complete Rehabilitation for KUR III Combined Cycle Power Plant DCS system “Emerson”
Client : Upper Egypt Electricity Production Company
Scope of work : Local activities
Award Date : January 2026

Reference Projects “By EnviroMission”

Project Name: Water and Oil separator SKID-
Saudi Arabia - Rabigh I Combined cycle Power Plant

Client : ELSEWEDY Electric Power System Projects

Scope of work : Design and Supply water and oil separator.

Award Date : February 2025

Project Name: Calcite Filter for Nasr Petroleum Company

Client : Veolia Egypt

Scope of work : Design, Supply and Manufacturing of calcite filter through our Spanish partner Irepol

Award Date : December 2024

For Trading and Contracting

Reference Projects “By EnviroMission”

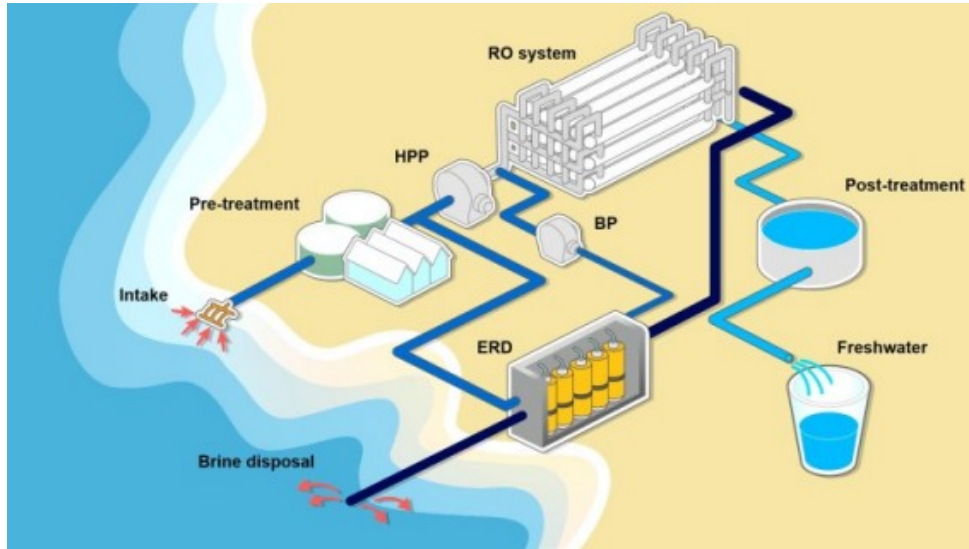

Project Name: Allison 501 KB to 501 KB5 Control system upgrade.
Client : GUPCO
Scope of work : Control system Modifications
Award Date : March 2025

Project Name: ASORC WWTP GRP Tanks
Client : Petrojet
Scope of work : Design, Supply and Manufacturing of GRP Tanks through our Spanish partner Trepovi
Award Date : January 2025

Reference Projects “By EnviroMission”

Project Name: Water Treatment Plant including
Remineralization plant- **Saudi Arabia - Rabigh II**
“**Morgan**” Combined cycle Power Plant
Client : ELSEWEDY Electric Power System Projects
Scope of work : Design, Supply and construction
supervision.

Award Date : May 2025

Project Name: General Suppliers
Client : Suez Fertilizer – Kafr Zaiat Fertilizer –
Assuit Fertilizer
Scope of work : Supply of weighing system-
Automation products ...etc

Reference Projects “By EnviroMission”

Project Name:Toshka Development Project
Client : ORCHID for Trading and Industries
Scope of work : Design, manufacturer and supply for earthing poles

Project Name: East Gas Company lighting poles
Client : Dream contracting and Aluminum work
Scope of work : Design, manufacturer and supply for lighting poles

Project Name: Ras Ghareb 500 KV substation
Client : Smart Power
Scope of work : Design, manufacturer and supply for lighting poles and firewall support

Project Name: Owenate 220 KV substation
Client : Enblome limited
Scope of work : Design, manufacturer and supply of lighting poles

Project Name:Badrashine Bridge
Client : AGR international
Scope of work : Design, manufacturer and supply for lighting poles

Project Name:Kom osho Bridge
Client : AGR international
Scope of work : Design, manufacturer and supply for lighting poles
